The Wilderness by Samantha Harvey (2010, Trade Paperback ...

Samantha Harvey has written a most powerful book. It's not an easy book as most of this happens, that happens, happy ending fiction is. The Wilderness, the word, encompasses a co-inherence of time, character, place and plot. In the wilderness the facts like smoke shimmer and change shape, focus and fade. The language is full of wonder.

The Wilderness book by Samantha Harvey

Samantha Harvey barely puts a foot wrong in telling this crushing tale. It is a piece of literature seamlessly woven from extremely controlled prose, and peppered with vivid images that are...

The Wilderness By SAMANTHA HARVEY . Reviewed by Brian Hall / March 30, 2009 Share. A device literary novelists sometimes use to pleasing effect is to unanchor certain images or thoughts so that they float free in the text, recurring for reasons that remain partially obscure. What the text loses in transparency is more than offset by what it ...

The Wilderness - The Barnes & Noble Review

Samantha Harvey is the author of The Wilderness, All Is Song, Dear Thief and The Western Wind. She appeared on the longlists for the Bailey ' s Prize and the Man Booker, and the shortlists of the James Tait Black Award, the Orange Prize, the Guardian First Book Award and the Walter Scott Prize. The Wilderness won the Betty Trask Award in 2009.

With his memories slowly eroding thanks to the ravages of Alzheimer's, Jake Jameson, a sixty-five-year-old architect on the verge of retirement, struggles to preserve his sense of identity by building stories about his feelings and the events of his life, unaware that even his clearest recollections may not be true. A first novel. 30,000 first printing.

Winner of the Staunch Book Prize. " A beautifully written and expertly structured medieval mystery packed with intrigue, drama and shock revelations. " —Minneapolis Star-Tribune An extraordinary new novel by Samantha Harvey—whose books have been nominated for the Man Booker Prize, the Women ' s Prize for Fiction (formerly the Orange Prize), and the Guardian First Book Award—The Western Wind is a riveting story of faith, guilt, and the freedom of confession. It ' s 1491. In the small village of Oakham, its wealthiest and most industrious resident, Tom Newman, is swept away by the river during the early hours of Shrove Saturday. Was it murder, suicide, or an accident? Narrated from the perspective of local priest John Reve—patient shepherd to his wayward flock—a shadowy portrait of the community comes to light through its residents ' tortured revelations. As some of their darkest secrets are revealed, the intrigue of the unexplained death ripples through the congregation. But will Reve, a man with secrets of his own, discover what happened to Newman? And what will happen if he can ' t? Written with timeless eloquence, steeped in the spiritual traditions of the Middle Ages, and brimming with propulsive suspense, The Western Wind finds Samantha Harvey at the pinnacle of her outstanding novelistic power. " Beautifully rendered, deeply affecting, thoroughly thoughtful and surprisingly prescient . . . a story of a community crowded with shadows and secrets. " —The New York Times Book Review " Ms. Harvey has summoned this remote world with writing of the highest quality, conjuring its pungencies and peculiarities. " —The Wall Street Journal " Brings medieval England back to life. " —The Washington Post

" You were going to work your way into my marriage and you were going to call its new three-way shape holy, " writes the unnamed narrator of Dear Thief. The thief is Nina, or Butterfly, who disappeared eighteen years earlier and who is being summoned by this letter, this bomb, these recollections, revisions, accusations, and confessions. " Sometimes I imagine, out of sheer playfulness, that I am writing this as a kind of defence for having murdered and buried you under the patio. " Dear Thief is a letter to an old friend, a song, a jewel, and a continuously surprising triangular love story. Samantha Harvey writes with a dazzling blend of fury and beauty about the need for human connection and the brutal vulnerability that need exposes. " While I write my spare hand might be doing anything for all you know; it might be driving a pin into your voodoo stomach. " Here is a rare novel that traverses the human heart in original and indelible ways.

" Sleeplessness gets the Susan Sontag illness-as-metaphor treatment in this pensive, compact, lyrical inquiry into the author ' s nighttime demons. " —Kirkus Reviews In 2016, Samantha Harvey began to lose sleep. She tried everything to appease her wakefulness: from medication to therapy, changes in her diet to changes in her living arrangements. Nothing seemed to help. The Shapeless Unease is Harvey ' s darkly funny and deeply intelligent anatomy of her insomnia, an immersive interior monologue of a year without one of the most basic human needs. Original and profound, and narrated with a lucid breathlessness, this is a startlingly insightful exploration of memory, writing and influence, death and the will to survive, from " this generation ' s Virginia Woolf " (Telegraph). " Captures the essence of fractious emotions—anxiety, fear, grief, rage—in prose so elegant, so luminous, it practically shines from the page. Harvey is a hugely talented writer, and this is a book to relish. " —Sarah Waters, New York Times – bestselling author " Harvey writes with hypnotic power and poetic precision about—well, about everything: grief, pain, memory, family, the night sky, a lake at sunset, what it means to dream and what it means to suffer and survive . . . The big surprise is that this book about ' shapeless unease ' is, in the end, a glittering, playful and, yes, joyful celebration of that glorious gift of glorious life. " —Daily Mail " What a spectacularly good book. It is so controlled and yet so wild . . . easily one of the truest and best books I ' ve read about what it ' s like to be alive now, in this country. " —Max Porter, award-winning author of Lanny

Civil War veteran Abel Truman, now elderly and disabled, endures a solitary existence in a driftwood shack on the Pacific Coast before undertaking one last hike through the Olympic Mountains, a journey during which he reflects on the war's savagery and the people who touched his life.

Leonard is alone and rootless, returning to London after his father's death. He moves in with his distant brother William and his family, hoping to renew their friendship but learning to drop his expectations of brotherhood. William is a former lecturer and activist who now runs informal meetings with ex-students. He is defiantly unworldly and forever questioning. When a young student follows William's arguments to a shocking conclusion, it appears William has already set his own fate in motion. Against a backdrop of tabloid frenzy, Leonard can only watch as William embraces the danger in the only way he knows how, which threatens to consume not only himself, but his entire family.

"Accomplished, resonant, and surprising." (Guardian)--a debut reminiscent of the beloved SUMMER OF MY GERMAN SOLDIER. In July 1940, eleven-year-old Lydia escapes life as a child evacuee in Wales. She arrives home to her English village, gas mask in tow, only to find it abandoned. Her family's house is shuttered and empty. Lydia settles in though, determined to wait out the war. Later that night he arrives: a wounded soldier, gun-wielding, heralding a full-blown German invasion. He says he won't hurt Lydia, but she cannot leave the house. The unlikely pair coexists in their claustrophobic confines, becoming dependent on each other for survival. Lydia soon realizes that the soldier knows more than he should about her family--and that he's plotting something for them both. Eerie, gripping, and incredibly moving, The Dynamite Room brings an original and contemporary resonance to the great tradition of war classics.

This book addresses the notion of time and temporality and its various conceptualizations in the theories of the new physics, utilized as a thematic and formal framework in the British novel of the twenty-first century. As the Newtonian conception of reality does not provide a reliable framework within which to situate human experience and generate meaning, fiction writers have recognized quantum mechanics as a potent source from which to draw in search of new metaphors. The quantum has become a part of the understanding of reality, and its concepts and assumptions have been absorbed into the textual structure and content of literary fiction. Shapes of Time in British Twenty-First Century Quantum Fiction examines human temporality as mediated by the timeshapes imagined within the context of the new physics, and explores the philosophical implications for human temporality and identity of situating an individual within the realm of physical time. Its chapters deal with various concepts of the new physics connected with temporality, and their appropriation in a selected novel: parallel universes in Andrew Crumey ' s Sputnik Caledonia (2008), eternal recurrence and Poincaré ' s theorem in David Mitchell ' s Cloud Atlas (2004), chaos theory in Samantha Harvey ' s The Wilderness (2009), and the end of time in Scarlett Thomas ' s The End of Mr. Y (2006). Each of them corresponds to a different conceptual shape of time: tree, concertina, spiral and snapshot, respectively, which is enacted on the formal level. Analyzing the new time constructs in a narrative, this book thus uncovers passages between scientific and humanistic standpoints, and reveals quantum fiction to be an effective tool for visualizing the subjective non-homogenous experience of private time.
