exception, from a source outside the U.S., is the International Airport Transport Industry's (IATA) publication, Airport Development Reference Manual, 9th Edition, (effective January 2004). Numerous past publications that have served the terminal planning and design process in various ways include: The Airport:

AIRPORT PASSENGER TERMINAL PLANNING GUIDEBOOK
Most IATA codes are derived from the first three letters of an airport's city, like MIA for Miami International or DEN for Denver International. Other codes reference the name of the airport itself, like MDW for Chicago Midway International or JFK for John F. Kennedy International in New York City.
