Similar to the heron spirit animal, the horse spirit animal works hard to remind you to take care of your emotional, mental, and spiritual well-being. The horse symbolism also speaks about freedom. It possesses an unbridled desire for freedom because of its naturally wild and powerful spirit, and it always wants to break free.

After the publication of his best-selling book Power Animals, many people inquired about the meaning of spirit animals that were not contained in that work. In Animal Spirit Guides, Dr. Farmer provides concise, relevant details about the significance of more than 200 animals that may come to you in physical or symbolic form as guides and teachers. With each animal listed, you'll find general meanings of the visitation; practical ways that they can help you as spirit guides; and how, as your power animal, they reflect characteristics that you possess. You'll also find a "whom-to-call-on" section that will tell you which animal spirit guide to call on for any specific purpose.

Following the publication of the popular and best-selling Animal Spirit Guides, several people commented that they would like to see a smaller pocket-sized version—one they could carry in their purse, handbag, or car. Those requests have now resulted in this condensed edition, where you'll find all the spirit animals from the original edition plus some new ones in a format that makes it even more user-friendly. Just as our ancestors and indigenous peoples knew, when an animal comes to you in an unusual way or repeatedly, whether in physical or symbolic form, they are serving as spirit guides attempting to get a message to you. This convenient pocket guide will help you understand and discern these messages whenever this occurs by offering several possible interpretations for the animal you encounter. This is a book that you will enjoy and find useful for many years to come.

In this fascinating book, Steven Farmer guides you through a journey on the accompanying audio download to discover and connect with your power animal. Once you've determined who your power animal is, you can refer to the text to learn what this says about you, find instructions on how to call upon the spirit animal, and read a channeled message for you from that animal spirit. You'll also find out which animal spirit to call on for particular situations, and additional tracks on the audio will help you consult your power animal as an oracle. Your power animal will not only help you develop a greater sense of personal and spiritual power, but will also help you heal physically, emotionally, and spiritually—as well as guide you through difficult life transitions. Working with your power animal will put you in touch with your own instinctual nature, thereby increasing your intuitive awareness and enhancing every area of your life.

This item contains 44 oracle cards of animals and a guidebook to help interpret each card's general meaning.

"Animals are not only beholders of great beauty, but they are also beholders of ancient wisdom." —Molly Friedenfeld The idea of spirit guides speaking through animals and birds dates back to ancient times. Today, if we're open to watching and listening to our totem animals, we can develop beneficial relationships withthem. We can also recognize that when a totem animal appears to us in a special way, it's offering insight into what's happening in our lives. This helpful book will give you a greater understanding of more than 60 totem animals and their unique meanings in an A to Z encyclopedic listing, lead you through the steps for accessing a chosen spirit, and help you explore the role of animal spirits in cultures around the world. Also included are chapters on: This user-friendly guide is practical and accessible and offers insight and wisdom for daily life. A color edition of this title was briefly available from Sterling in the North American market in 2010. Totem Animals Around the World Your Totem Animal Working with Your Totem Animal Strengthening Your Connection to Your Totem Animal Your Child's Totem Animal

In Discovering Your Spirit Animal, shamanic healer Lucy Harmer presents a practical approach to understanding spirit animals and applying their power to specific situations in daily life. Written in clear, simple language and featuring compelling stories and anecdotes, the book explains what a spirit animal is, describes its purpose, and shows that understanding the "medicine" of one's spirit animal—assimilating its qualities and characteristics—allows one to apply the lessons and messages they convey and use them for personal transformation. Lucy Harmer notes that particular animals that cross one's path or appear repeatedly nearby probably want us to share in their medicine, their teaching, their energy, and their spirit. Discovering Your Spirit Animal provides guidance for meeting and getting to know one's spirit animal through easy exercises and shamanic techniques. Lucy Harmer explains how to discover the strengths, qualities, and skills one shares with one's personal spirit animal, enabling one to learn how to reinforce this connection and access innate wisdom and inner power, overcome fears, increase natural healing capacity, and improve relationships.

The global financial crisis has made it painfully clear that powerful psychological forces are imperiling the wealth of nations today. From blind faith in ever-rising housing prices to plummeting confidence in capital markets, "animal spirits" are driving financial events worldwide. In this book, acclaimed economists George Akerlof and Robert Shiller challenge the economic wisdom that got us into this mess, and put forward a bold new vision that will transform economics and restore prosperity. Akerlof and Shiller reassert the necessity of an active government role in economic policymaking by recovering the idea of animal spirits, a term John Maynard Keynes used to describe the gloom and despondence that led to the Great Depression and the changing psychology that accompanied recovery. Like Keynes, Akerlof and Shiller know that managing these animal spirits requires the steady hand of government—simply allowing markets to work won't do it. In rebuilding the case for a more robust, behaviorally informed Keynesianism, they detail the most pervasive effects of animal spirits in contemporary economic life—such as confidence, fear, bad faith, corruption, a concern for fairness, and the stories we tell ourselves about our economic fortunes—and show how Reaganomics, Thatcherism, and the rational expectations revolution failed to account for them. Animal Spirits offers a road map for reversing the financial misfortunes besetting us today. Read it and learn how leaders can channel animal spirits--the powerful forces of human psychology that are afoot in the world economy today. In a new preface, they describe why our economic troubles may linger for some time--unless we are prepared to take further, decisive action.
