Caged in Winter is HOT and steamy. Brighton Walsh created two distinct characters. Winter was so stubbornly alone. She had created a bubble to protect from anything getting in - especially emotions.

In this emotional and sexy New Adult debut from Brighton Walsh, the only thing more frightening than commitment is hope... Aspiring chef Cade Maxwell is immediately, viscerally attracted to Winter Jacobson. But it's not her mouthwatering curves he's drawn to—it's the strange emptiness in her eyes. When Cade saves her from a drunken customer with grabby hands, he's shocked at her response... Winter doesn't need Cade's help. After a

lifetime of getting by on her own, she's happy to rely on herself. She's exactly seventy-six days away from graduating college, and if she can hold it together that long, she'll finally be able to rise above the crappy hand she was dealt. But now, every time she turns around, Cade is there, ready to push her, smile at her, distract her from her plans. Winter knows she can't afford to open up—especially to a man she's terrified to actually want...

Winter Jacobson has fought hard to escape the life she was born in to. She's only seventy-six days away from college graduation—and the future she's dreamed of for so long. She just has to stick to her rules: Don't lose focus. Trust no one. Hookups only—she doesn't want or need a man ruining her plans. But then Cade

Maxwell, aspiring chef and Prince Charming in-training, comes swooping in to her life. All brash exterior and marshmallow center, Cade strips away her walls as easily as he strips away her clothes. One of the best in his class, he's on the fast-track to his dream job—as long as he keeps his eye on the prize. This close to graduation, neither of them can afford a distraction. Despite their explosive chemistry, nothing serious can develop between them. Thankfully, Winter's rules are keeping them safe. Except Cade's not playing by her rules anymore.

From award-winning USA Today and Wall Street Journal bestselling author Brighton Walsh comes the complete Reluctant Hearts series, including a bonus story, featuring strong-willed

heroines and the heroes who fall head over heels for them. This never before been bundled collection includes trope favorites such as opposites attract, friends to lovers, single mom, brother's best friend, and enemies to lovers.

Dive into these five steamy reads now!

**Caged in Winter** Winter Jacobson doesn't have room in her life for a man. She's fought hard to get as far away as possible from the rubble she was born in to, and she's so close she can taste it. She doesn't have time for distractions, certainly not when they come in the form of a 6'4" wannabe Prince Charming. **Tessa Ever After** No one's off-limits for this playboy...except his best friend's little sister. Jason's the very definition of trouble, but Tessa can't get him out of her mind...or her bed. And every day she spends by his side only serves to keep her from the

one thing she wants more than anything—a happily ever after. Mine for Tonight (a bonus story) Paige Bennett thought all she had in store for the night was some girl time with her besties, but when they bail early—on her and on the evening—she catches a ride home with the one guy she knows she shouldn't want. And if that isn't bad enough, she invites him in for a whole different kind of ride. Paige in Progress She's the beautiful but aloof girl next door. He's a mistake that's come back to bite her. What happens when the best one-night stand you've ever had becomes your new neighbor? Our Love Unhinged When her knight in shining armor pops the question, she says yes. Of course she does. But two years isn't long in the grand scheme of things, and certainly not enough time to erase the

memories of the past. Sometimes, even the greatest love can't silence fears. \_\_\_\_\_

Instead, his reputation as a cutthroat divorce attorney preceded him--and tainted his introduction to the only woman he's had eyes for since his own divorce. Too bad she can't stand him. When Sadie's cousin offers her an opportunity to have the inn featured in the country's leading wedding magazine in exchange for a bit of modeling, she jumps at the chance for some exposure. In this grippingly emotional New Adult novel from the author of *Caged in Winter*, what you want isn't always what you need... Jason's been living (and loving) the rich playboy lifestyle for five years, but now his parents are pressuring him to get involved in the family business. The last thing he wants is another obligation, but when his best friend moves out of state and asks Jason to look after his sister, he can't just say no. Tessa had to grow up way too soon. After dealing with the aftermath of her parents' deaths, then becoming a teenage mom, she knows

the meaning of responsibility. Which is why, at twenty-two, she's looking for so much more than a party boy. She's looking for someone who can stand by her and her daughter...forever. A relationship between them is doomed from the start, but who says they can't have a little fun? But as Jason gets closer to Tessa—and her daughter—fun starts to turn into something else... Something Jason's not sure he's ready for.

In this funny and wildly sexy New Adult novel from the author of *Caged in Winter* and *Tessa Ever After*, two people find love where they least expect it.

Despite everything she thought she knew, Winter fell in love, and she fell hard. Living with the security of

Cade's unconditional devotion for the past two years has been a welcome reprieve from the decades of loneliness that came before him. So when he pops the question, she says yes. Of course she does. But two years isn't long in the grand scheme of things, and certainly not enough time to erase the memories of the past. Sometimes, even the greatest love can't silence fears. Our Love Unhinged is the final novella in the Reluctant Hearts series, and is best enjoyed after reading books 1-3 in the series.

To make a small town believe a fake marriage, it has to look like the real thing. Natalie Haven couldn't get away from the suffocation of her hometown fast enough. Fluttering around the globe as a freelance

photographer is far more to her liking. Even better that her unconventional job pisses off her daddy. But when her best friend sends out an SOS, all her running comes to an end and she returns to the small southern town. Asher McCoy can win over a crowd with a husky note and a strum of his guitar. Wooing a judge and proving he's responsible enough to take custody of his niece and nephew won't be so easy. But marriage makes any man look more respectable, and his best friend will be the perfect bride. Except for the tiny detail that their fake marriage has to look real, which means living in the same house and sleeping in only one bed—not to mention inciting an undeniable attraction between them. But convincing Nat to put down roots in her hometown—and with him—will prove
