The Internet is almost synonymous with change--that's one of its charms, and one of its headaches. You may think you know the Internet, but are you really up to speed on internet telephones, movie and TV downloading, blogging, gaming, online banking, dating, and photosharing? This utterly current book covers: Getting Online. Readers will have all the information they need to decide what kind of broadband connection works best for them, which browser they should use, and what kind of spyware-fighting and virus-and spam-protection measures they need to protect themselves. Finding Information. Google may be the leading search site, but it's certainly not the only game in town. This book introduces a diverse and useful collection of sites that help uncover everything from health care information, to shopping, travel and finance, to dependable reviews and ratings. Movies, music, and photos. The Web's teeming with entertainment--and not just the sort of postage-stamp sized videos that only a geek could love. Learn where to download movies, watch TV online, listen to music, play games, and post and share photos with friends. Keeping in touch. Email's only the beginning. This book introduces readers to the many tools that make the modern Internet such a great way to stay connected. From Web-based discussion groups to instant messaging programs, and from blogs and podcasts to Internet-based phone calls, this book will help you join the conversation. Ideal for anyone just venturing into cyberspace, this book is also perfect for more experienced users who could use an update to today's most exciting internet applications.

With multitasking and more than a 100 other new features, iPhone 4.0 is a real treat, cooked up with Apple's traditional secret sauce of simplicity, intelligence, and whimsy. iPhone: The Missing Manual gives you a guided tour of everything the new iPhone has to offer, with lots of tips, tricks, and surprises. Learn how to make calls and play songs by voice control, take great photos, keep track of your schedule, and much more with complete step-by-step instructions and crystal-clear explanations by iPhone master David Pogue. Whether you have a brand-new iPhone, or want to update an earlier model with the iPhone 4.0 software, this beautiful full-color book is the best, most objective resource available. Use it as a phone -- learn the basics as well as time-saving tricks and tips for contact searching, texting, and more Treat it as an iPod -- master the ins and outs of iTunes, and listen to music, upload and view photos, and fill the iPhone with TV shows and movies Take the iPhone online -- make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files Go beyond the iPhone -- learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read ebooks in iBooks Unlock the full potential of your iPhone -- with the book that should have been in the box.
