The Daihatsu Sirion is a small subcompact hatchback that carries on the value for money tradition so closely associated with the Japanese brand. It's quite a looker and has a huge amount of interior space despite a rather small looking appearance. Impressively equipped, it also drives well and doesn't cost a huge

The aim of this book is to help students write mathematics better. Throughout it are large exercise sets well-integrated with the text and varying appropriately from easy to hard. Basic issues are treated, and attention is given to small issues like not placing a mathematical symbol directly after a punctuation mark. And it provides many examples of what students should think and what they should write and how these two are often not the same.
