A NEW YORK TIMES BESTSELLER WITH MORE THAN A MILLION COPIES SOLD—Sold on a Monday is the unforgettable book-club phenomenon, inspired by a stunning piece of Depression-era history. “A masterpiece that poignantly echoes universal themes of loss and redemption... both heartfelt and heartbreaking”—Pam Jenoff, New York Times bestselling author of The Orphan’s Tale 2 CHILDREN FOR SALE. The sign is a last resort. It sits on a farmhouse porch in 1931, but could be found anywhere in an era of breadlines, bank runs and broken dreams. It could have been written by any mother facing impossible choices. For struggling reporter Ellis Reed, the gut-wrenching scene evokes memories of his family’s dark past. He snaps a photograph of the children, not meant for publication. But when it leads to his big break, the consequences are more devastating than he ever imagined. Inspired by an actual newspaper photograph that stunned the nation, Sold on a Monday has celebrated five months on the New York Times bestsellers list and continues to especially captivate fans of Lisa Wingate’s Before We Were Yours and Kristin Hannah’s The Four Winds. Look for the new novel by Kristina McMorris, The Ways We Hide, a sweeping World War II tale of an illusionist whose recruitment by British intelligence sets her on a perilous, heartrending path, available September 2022.

Okay boomer, are you ready to get out of your chair, challenge your mind, and have some fun in the process? If so, then open up the pages of I Remember That! - Captivating Stories, Interesting Facts and Fun Trivia for Seniors, and embark on this epic trivia challenge that was written specifically for your generation. You'll take an engaging stroll down memory lane to test just how much you remember from the biggest moments in history, pop culture, and science from the first four decades after World War II. But if you're not a boomer, don't worry, you'll also have fun playing along! If you're from a younger generation but want to learn a little about the world your parents or grandparent grew up in, then this is a good place to start. You don't have to start in the beginning and go to the end. If '70s pop culture is your thing, then you can just read that, or if you want to learn about how grandma rocked a beehive hairdo in the '60s then you can start there. There's really no right or wrong way to read I Remember That! but just remember to have fun! In this book you will find out the answers to some of these questions: ?How did the internet go from a military project to the universities in the 1980s??When did Elvis Presley perform on the Ed Sullivan Show??What ever happened to 8-track tapes??Who was Lewis Urry and what did he have to do with flashlights and portable radios??How and when did the Berlin Wall go up?! Remember That! is divided into four chapters for each decade, with each chapter divided into subsections of history, pop culture, and science. At the end of each subsection is a ten-question quiz that you can play with your friends and family. There is also a "Did You Know?" page at the end of each subsection that adds a few more interesting tidbits to the subject.

Lisa Hodges needs to make a decision fast. Thanks to her dead husband’s gambling addiction, their savings is almost gone. In her early fifties with a large, waterfront home on Nantucket to support, Lisa hasn’t worked in over thirty years, has no in-demand skills and is virtually unemployable. Her only options are to sell the house and move off-island, or... she could use her cooking and entertaining skills and turn her home into a bed and breakfast. She desperately needs it to succeed because she has four grown children with problems of their own and wants to stay close to them: her oldest daughter, Kate, has a fabulous career in Boston—working as a writer for a popular fashion magazine and engaged to a dangerously handsome, photographer, who none of them have met. Kate’s twin, local artist, Kristen, has been reasonably content with her on-again off-again relationship with an older, separated businessman. Her son, Chase, runs his own construction business and is carefree, happily dating here and there but nothing serious. Youngest daughter, Anna, is happily married to her high school sweetheart, and they’ve been trying to have a baby. But it hasn’t happened yet... and Anna wonders if it’s a sign that maybe their marriage isn’t as perfect as everyone thinks. Come visit Nantucket and see how Lisa’s new bed and breakfast has an impact on almost everyone in her family. It’s the first book in a new series that will follow the Hodges family, friends, and visitors to Nantucket’s Beach Plum Cove Inn.

The latest installment of the multimillion-selling Killing series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It’s 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh’s alliance of tribes in the Great Lakes region. But while General William Henry Harrison would win this fight, the armed conflict between Native Americans and the newly formed United States would rage on for decades. Bestselling authors Bill O’Reilly and Martin Dugard venture through the fraught history of our country’s founding on already occupied lands, from General Andrew Jackson’s brutal battles with the Creek Nation to President James Monroe’s epic “sea to shining sea” policy, to President Martin Van Buren’s cruel enforcement of a “treaty” that forced the Cherokee Nation out of their homelands along what would be called the Trail of Tears. O’Reilly and Dugard take readers behind the legends to reveal never-before-told historical moments in the fascinating creation story of America. This fast-paced, wild ride through the American frontier will shock readers and impart unexpected lessons that reverberate to this day.

Kathleen, Eric and Seth all get caught up in a web of lies so fragile that one fateful encounter could tear it apart - and force Kathleen to make a choice between the family that needs her and the needs of her own heart.

#1 NEW YORK TIMES BESTSELLER [] Sadness is a superpower. In her new masterpiece, the author of the bestselling phenomenon Quiet reveals the power of a bittersweet outlook on life, and why we’ve been so blind to its value. “Bittersweet grabs you by the heart and doesn’t let go.”—BRENÉ BROWN, author of Atlas of the Heart “Susan Cain has described and validated my existence once again!”—GLENNON DOYLE, author of Untamed “A sparkling ode to the beauty of the human condition.”—ADAM GRANT, author of Think Again ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Oprah Daily, BookPage Bittersweetness is a tendency to states of longing, poignancy, and sorrow, an acute awareness of passing time, and a curiously piercing joy at the beauty of the world. It recognizes that light and dark, birth and death—bitter and sweet—are forever paired. If you’ve ever wondered why you like sad music... If you find comfort or inspiration in a rainy day... If you react intensely to music, art, nature, and beauty... Then you probably identify with the bittersweet state of mind. With Quiet, Susan Cain urged our society to cultivate space for the undervalued, indispensable introverts among us, thereby revealing an untapped power hidden in plain sight. Now she employs the same mix of research, storytelling, and memoir to explore why we experience sorrow and longing, and how embracing the bittersweetness at the heart of life is the true path to creativity, connection, and transcendence. Cain shows how a bittersweet state of mind is the quiet force that helps us transcend our personal and collective pain. If we don’t acknowledge our own heartache, she says, we can end up inflicting it on others via abuse, domination, or neglect. But if we realize that all humans know—or will know—loss and suffering, we can turn toward one another. At a time of profound discord and personal anxiety, Bittersweet brings us together in deep and unexpected ways.

This new edition of Friedman’s landmark book explains the flattening of the world better than ever- and takes a new measure of the effects of this change on each of us.
