British automaker Lotus is known for both its racing models and its street model cars. Readers will compare and contrast these two types of cars through chapters that profile both types. Chapters cover the history of this brand, its most famous models, and take a look at the re-launch of the beloved Esprit model. Young fans will learn more from a stat rundown chart for each profiled model.

Reflecting the latest ASE Education Foundation standards, the fully updated Seventh Edition of TODAY'S TECHNICIAN: MANUAL TRANSMISSIONS & TRANSAXLES covers must-know topics including dual-clutch systems, limited-slip differential designs, and all-wheel drive systems, as well as essential safety concepts and major components of the transmission system and subsystems. New material throughout the text gives readers an up-to-date understanding of the latest automotive technology and key advances in the fast-changing automotive industry. The authors have revised sections on electronic controls of transmissions, transfer cases, and differentials to feature the latest reprogramming techniques today's technicians need to know. Covering both fundamental theory and practical job skills, the text includes a Classroom Manual reviewing every topic for Manual Drive Train and Axles, and a hands-on Shop Manual with full-color photo sequences and detailed job sheets, including service and repair tasks based on the latest MLR, AST, and MAST task lists. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Succeed in the course, your future career, and the ASE A3 Manual Drive Train and Axles certification test with TODAY'S TECHNICIAN: MANUAL TRANSMISSIONS & TRANSAXLES, 6e. You'll find practical, easy-to-understand coverage of a wide range of must-know topics that adhere to the 2013 ASE Education Foundation AST/MAST program standards, including dual clutch systems, various limited-slip differential designs, six-speed transmissions, safe work practices, and more. Volume I, the Classroom Manual, covers every topic on the ASE A3 Manual Drive Train and Axles certification test, while Volume II, the Shop Manual, includes job sheets that get you involved in performing hands-on service and repair tasks. In addition, detailed full-color photos show you what to expect when performing a procedure on the job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Nothing is new under the sun and classic cars books come and go. But here, instead of a heavy, large, glossy book of classic car images and details destined to stay on a shelf, is something new. This book is designed to be read as a companion, a book that can go in the car or on a 'plane, and which can be read in full, or dipped into anywhere for a classic car fix. Old stories and new details are presented and cover all eras of our cars. Gathered here is a compilation of the author's published and unpublished adventures and opinions about the design and the driving of some of the greatest cars in motoring history. From 'vintage' to 'modern classic', pristine to oily-rag, up hill, down dale and across continents, award-winning motoring author, designer and serial classic car owner, Lance Cole, charts the great classic car enthusiasm in a series of engaging essays about cars, car design and the men that made the motor industry. From tales of Malcolm Sayer to Bedelia, and of BMW, Jaguar, Bugatti and Porsche, to tales of old Saabs and rusty Citroens, classic car life is here. Erik Carlsson, Jacques Gerin, Giovanni Michelotti and Innes Ireland are just a few of the names that can be found in these pages. From design to driving, here is a book that is a classic car adventure.

Porsche sells more cars annually and has won more races than any other car company. Lotus is known for its handcrafted cars for both the racetrack and street. Both are well-respected companies with very different histories. How do they stack up against each other? Readers will learn to compare and contrast as they settle this ultimate battle for themselves.

This engaging book follows the history of the Lotus 2 + 2 coupes from the Elan through to the Evora.

INCLUDES FREE APP WITH EXCLUSIVE DIGITAL CONTENT Living The Supercar Dream is the ultimate supercar book created by Tim Burton - owner and creator of the hugely popular YouTube channel Shmee150. Engaging millions of followers through his infectious excitement, exclusive access and unparalleled knowledge of the supercar industry, Tim has created one of the biggest automotive channels in the world, sharing his adventures on a daily basis and filming the most amazing luxury cars in existence. In Living The Supercar Dream, he takes readers on a road trip across the globe, experiencing the most incredible locations and the cars that have defined their landscapes. From driving the high-speed Bugatti Veyron 16.4 Grand Sport Vitesse across the German countryside to twisting down the mountain roads of the Alps in his Porsche Cayman GT4, driving Italian designer cars through the streets of Mediterranean cities to testing the limits of his McLaren 675LT on track in Portugal, Tim takes readers through the unique features of each car against the spectacular backdrops they were made for. Capturing Tim's honest and personal touch, this is the ultimate guide to the world's greatest high performance and luxury cars.

THE DEFINITIVE DESCRIPTION OF HOW TO REBUILD AND RESTORE THE LOTUS ELAN, A LEGEND AMONGST CLASSIC CARS.
