True power in this
world comes from
economic
independence, but too

Online Library

Samsung Vrt

many people have too
much month left at the
end of their money.

John Hope Bryant,
founder and CEO of
Operation HOPE,
illuminates the path
toward liberation that is
hiding in plain sight. His
message is simple: the
supermajority of people
who live in poverty,
whom Bryant calls the
invisible class, as well as

Online Library

Samsung Vrt

millions in the struggling middle class, haven't gotten " the memo " —until now.

Building on his personal experience of rising up from economically disadvantaged circumstances and his work with Operation HOPE, Bryant teaches readers five rules that lay the foundation for achieving financial

Samsung Vrt

freedom. He emphasizes the inseparable connection between

“ inner capital ”

(mindset, relationships, knowledge, and spirit)

and “ outer capital ”

(financial wealth and

property). “ If you have

inner capital, ” Bryant

writes, “ you can never

be truly poor. If you lack

inner capital, all the

money in the world

Samsung Vrt

cannot set you free.”

Bryant gives readers tools for empowerment by covering everything from achieving basic financial literacy to investing in positive relationships and approaching wealth with a completely new attitude. He makes this bold and controversial claim: “ Once you have satisfied your basic

Online Library

Samsung Vrt

Sustenance needs—food,
water, health, and a roof
over your

head—poverty has
more to do with your
head than your

wallet. ” Bryant wants
to restore readers'

“ silver rights, ” giving
them the ability to
succeed and prosper no
matter what very real
roadblocks society puts
in their way. We have

Online Library

Samsung Vrt

more power than we
realize, if only we can
recognize and claim it.

“ We are our first
capital, ” Bryant writes.

“ We are the CEOs of
our own lives. ”

This book analyses
abduction as an
information-processing
phenomenon.
