Review of Seed by Rob Ziegler (No Spoilers) Seed is a brilliantly crafted post-ecological apocalypse novel set in the 22nd century where the starving remnants of humanity are dependent on the Satori corporation, which produces the seeds that can withstand the harsh climate that has turned most of North America into a barren wasteland during the summer, and a freezing tundra during the winter ...

Seed by Rob Ziegler - Goodreads
Seed is a book that does exactly what it says on the tin, and no more. Short, straightforward and crisply-written, Rob Ziegler does not add many new ideas to the biopunk genre but delivers a solid pulp thriller.
