Tripods' power, but Will is not most people. Journey with him in this collection of all four books in John Christopher's beloved classic sci-fi dystopian series, now available as a paperback boxed set. Includes: The White Mountains The City of Gold and Lead The Pool of Fire When the Tripods Came

Young Will Parker and his companions make a perilous journey toward an outpost of freedom where they hope to escape from the ruling Tripods, who capture mature human beings and make them docile, obedient servants.

Experience the beginning of the Tripods' reign in this prequel to the classic alien trilogy ideal for fans of Rick Yancey's The 5th Wave and Margaret Peterson Haddix's Shadow Children series. When it comes to alien invasions, bad things come in threes. Three landings: one in England, one in Russia, and one in the United States. Three long legs, crushing everything in their paths, with three metallic arms, snacking out to embrace—and then discard—their helpless victims. Three evil beings, called Tripods, which will change life on Earth forever.

The Tripods' rule is complete: the classic alien trilogy and its prequel are now available in a collectible hardcover boxed set. In Will's world, everything is controlled by the Tripods—huge, three-legged machines that descended upon Earth long ago.

Will must defeat the Tripods once and for all in this third book of a classic alien trilogy ideal for fans of Rick Yancey's The 5th Wave and Margaret Peterson Haddix's Shadow Children series. After being held captive in the City of Gold and Lead—the capital, where the creatures that control the mechanical, monstrous Tripods live—Will believes that he's learned everything he needs to know to destroy them. He has discovered the source of their power, and with this new knowledge, Will and his friends plan to return to the City of Gold and Lead to take down the Masters once and for all. Although Will and his friends have planned everything down to the minute, the Masters still have surprises in store. And with the Masters' plan to destroy Earth completely, Will may have just started the war that will end it all.

Will and his friends return to the City of the Tripods—and risk their lives—in this second book of a classic alien trilogy ideal for fans of Rick Yancey's The 5th Wave and Margaret Peterson Haddix's Shadow Children

series. When Will and his friends arrived at the White Mountains, they thought everything would be okay. They'd found a safe haven where the mechanical monsters called Tripods could not find them. But once there, they wonder about the world around them and how they are faring against the machines. In order to save everyone else, Will and his friends want to take down the Tripods once and for all. That means journeying to the Tripod capital: the City of Gold and Lead. Although the journey will be difficult, the real danger comes once Will is inside the city, where Tripods roam freely and humans are even more enslaved than they are on the outside. Without anyone to help him, Will must learn the secrets of the Tripods—and how to take them down—before they figure out that he's a spy...and he can only pretend to be brainwashed for so long.

Fourteen-year-old Laurie and his family attempt to flee England when the Tripods descend from outer space and begin brainwashing everyone with their hypnotic Caps.

The Tripod trilogy and its prequel--The White Mountains, When the Tripods Came, The City of Gold and Lead, and The Pool of Fire--are boxed in this collection of tales about the mysterious visitors from outer space who take over the Earth. Original.

Moving to a small village with his grandparents after a devastating accident, Neil endures a terrible plague that kills the world's adults, an event that compels him to make a treacherous journey to London in search of other survivors. By the author of the Tripods trilogy. Simultaneous and eBook.

Two cousins are thrust into a parallel reality when they travel through time and fire in the first book of the alternative history Fireball Trilogy, from critically acclaimed Tripods author John Christopher. Simon and his cousin Brad hadn't wanted to spend the summer together. And the quiet London suburb where Simon lived was the last place they expected anything unusual to happen. Then the fireball came. The huge whirling ball of light was like nothing the boys had ever seen before—and they felt compelled to investigate. They awoke in a world where everything had changed. It's still England...but an England terrifyingly different from the one they had left behind. They passed through the fireball, and now they will have to learn to survive in the fascinatingly strange world on the other side...
